

A successful 4-H WHEP team will:

1. Have a passionate leader
2. Be in contact with the resource professionals in their county
3. Be part of a 4-H Wildlife Club (or Natural Resource Club)
4. Contact a local landowner who will allow the club to practice on their land
5. Participate in wildlife activities outside of WHEP (State Park programs, Wildlife Resource Commission Programs, camps, visit Environmental Education Centers)
6. Develop a resource library for their club and others
7. Meet year around
8. Have members of all ages
9. Recruit others they know that have an interest in wildlife and natural resources into the 4-H program
10. **KEEP IT FUN!!!!**
